**Hot Lunch News:** The hot lunch program is experiencing many challenges this year. One of the biggest challenges is the food shortages that are happening nationwide along with price increases. It is affecting our day to day operations of trying to make sure we have food available each day for lunch. This week was the first time we have had to make changes for the next week's main menu as the food is not available. This is all out of our control and unfortunately it will only get worse in the months ahead. We have had numerous kids ask why we are not having certain menu items; the main reason is there is a shortage and we are having a hard time getting food in. Also, we are using the inventory we have in the freezer from last school year. We are doing

our best to keep our menu the same as the calendar, but it may need to change without much notice. We will update the PTO page and/or News & Notes with any changes. Thank you for your understanding!
